The developers have been given more time

# to ensure both Chops are in place in the upcoming hack and slash rogue-lite *Conan Chop Chop*.

**OSLO, Norway – Feb 12<sup>th</sup>, 2020** – With all the elements of a hack and slash rogue-lite for 1-4 players being packed into one game, it's no wonder developer Mighty Kingdom and publisher Funcom have decided to move the launch of [Conan Chop Chop](#) from February 25<sup>th</sup> to Q2 2020.

“We are almost at the finish line. The additional time is to ensure that the game is optimized for online multiplayer, and to give us a chance to add some polish here and there. It's basically all about getting that final Chop in place,” says Mighty Kingdom CEO Philip Mayes, adding that “This isn't merely a one-chop game. This is *Conan Chop Chop*, and that necessitates extra attention to detail.”

*Conan Chop Chop* was cheekily announced on April 1<sup>st</sup>, 2019, and was perceived to be an April Fools' Day joke. The hack and slash rogue-lite was then unveiled as a real game during E3, where press and influencers got the first hands-on preview. *Conan Chop Chop* will be released on PC, PlayStation 4, Xbox One and Nintendo Switch.
