

Conan Chop Chop is now available on PC and consoles!

You can't stop the chop! Charge into hilarious mayhem today on PC, Xbox One, PlayStation 4, and Nintendo Switch.

Oslo, Norway – March 1st, 2022 – *Conan Chop Chop*, Funcom and Mighty Kingdom's 1-4 player co-op roguelite party game, releases today on PC and consoles, completing its journey from pretend April Fools' joke to living legend. Either solo or in online and local co-op, step into the leathery sandals of Hyboria's greatest thin-limbed heroes to put a stick in the evil machinations of the treacherous wizard Thoth-Amon. Witness this gloriously mad take on the world of Conan the Barbarian in today's launch trailer.

"Our team set out to create a vision of Conan unlike any before it, and today we're so excited to share it with the world," says Kimbo Forrest, Creative Lead at Mighty Kingdom. *"With the chaos turned to 11, we've condensed the brawny, ferocious spirit of the barbarian we all know and love into this shiny, party-sized Conan."*

Wield Conan's final stick figure form as you chop, bonk, jab and loot your way through oodles of creatures and bosses, as diverse as they are peculiar (we're looking at you, brain spiders). With four unique characters, magically generated maps, trillions of item

combinations and skills to equip and upgrade, and a satisfying and responsive combat system, *Conan Chop Chop* is forged to please both veteran Conan fans and newcomers alike.

Conan Chop Chop is available now at \$14.99 on PC and \$19.99 on Xbox One, PlayStation 4, and Nintendo Switch. For anyone who wants to try the game out first, a free demo is available on Steam and Nintendo Switch. Despite the barbaric source material, steps have been taken to rate the game ESRB E and PEGI 7+, making it a great fit for parents looking for an excuse to spend more time with their kids.
